***RE: Cross County Shopping Center
Yonkers, N.Y.***

Dear Dominick:

As the project winds down to the last few phases and a majority of the work is behind us, we would like to take the time to commend the work Montesano Brothers, Inc has performed at the Cross County Shopping Center. We knew that behind all the architectural work stood an extremely complicated and challenging sitework and infrastructure package. This project needed a site contractor who could not only handle a project of this magnitude, but one who also understood the complexities of the phasing and the importance of performing such a significant amount of sitework safely and with minimal impact to the operating shopping center. That company was Montesano Brothers, Inc.

Throughout the past three years of the project, Montesano Brothers performed the work with exceptional professionalism, an attention to detail and a complete commitment to project deadlines. It is true to say that Montesano Brothers has played a significant part in the success of this project.

Please, convey our appreciation and gratitude to your brothers, your office staff and your men in the field.

We look forward to what we hope will be a long and prosperous relationship.

Very truly yours,

THE WHITING-TURNER CONTRACTING COMPANY
