

Filtererra Bioretention Systems
Maintenance Certification Program

CERTIFICATE OF COMPLETION

This certifies that
Dave Skellenger

has successfully completed, on June 5, 2013 a supervised training program to perform Extended Maintenance Services on the Filtererra Bioretention Systems. This program is designed to instruct proper maintenance procedures in accordance to the Filtererra Maintenance Standard Operating Procedures (SOP) as well as field troubleshooting techniques. By completing this training program, the above mentioned is hereby recognized as an authorized representative to perform maintenance services beyond Filtererra's Standard Maintenance Service.

Dean Baddorf
Operations Manager
Filtererra® Bioretention Systems
