Mr. Walter H. Noyes, PROF. L.S.  
GW Stephens, Jr. and Associates, Inc.  
Forest Hill Industrial Air Park  
2205-C Commerce Road  
Forest Hill, Maryland 21050

Dear Mr. Noyes:

I want to take this opportunity to say that it has been a pleasure working with your firm on the Red Pump Elementary School Project for Harford County Public Schools. Due to the dedication, cooperation, and attention to details demonstrated by the GW Stephens Engineering team and, in particular, by Mr. Rowan Glidden, Mr. Clarence Cullum and Mr. Ryan Langrehr your firm contributed to the overall success of this state-of-the-art high school facility.

Due to your dedication and commitment to being a cutting edge firm, we would not be as successful without your support. It means a great deal to be able to work with an organization which exhibits a high level of quality and professionalism. You have demonstrated a true commitment to develop a top quality project, one of which Harford County Public Schools is justly proud of.

Again, thank you, and we look forward to GW Stephens, Jr. and Associates, Inc. continuing their relationship with Harford County Public Schools on future projects.

Sincerely,

Charles A. Grebe  
Assistant Supervisor in Planning and Construction
