I did not get the link but Dick asked me to send this to you.

TrueLine has been doing work for Mitchell Plumbing and Heating, Inc. for 4 years. They have performed saw cutting, removal and core drilling. I, Richard Diotte am the owner and president of Mitchell Plumbing and Heating, Inc. and find TrueLine to be very dependable, efficient and able to work well with others.
I will use no other company but TrueLine for all of our work.

Sincerely,
Richard M Diotte
