Dear Mr. Cerami:

Too many times in my job I only deal with the problems with subcontractors in a negative way, this time I would like to take this opportunity to personally thank you for the outstanding job your company did on the recent project for the Gertrude B. Nielsen Child Care & Learning Center, in Northbrook.

This project as you know had a very tight schedule and thanks to the cooperation and co-ordination of all the subcontractors on the project, we were able to open the school on time.

Please convey to those who put this extra effort forth that the Owner is very pleased with the first class job that was done.

Very truly yours,

PEPPER CONSTRUCTION COMPANY
