RE: D'Novo Projects with SA Casey Construction

Dear Luis,

I wanted to drop you a note letting you know how pleased we with all of the work we have done together over the years! On all the projects we have worked together on, whether it was the Orange County Building Department Renovations, Northbridge Tenant Improvements, or the Central Florida Expressway 3rd Floor Renovations, you and the rest of your team have been excellent to work with during the whole process from bidding to construction to close-out.

Whether it be meeting a tight schedule, securing the electrical permits in a timely fashion, dealing with submittal requirements, or meeting our high-quality expectations, D'Novo Services continues to deliver everything we need on every project!

As we continue to expand and secure more projects, I will continue to work with D'Novo Services and we look forward to many more projects with you in the future. If I can ever be a reference for you or your company, please let me know.

Sincerely,

A large, stylized handwritten signature in black ink, appearing to be 'Ian Casey', written over a horizontal line.
