Mr. Gene Guidi  
E.P. Guidi Inc.  
1301 South Bethlehem Pike  
Ambler, PA 19002-5894

Dear Gene,

Our new Corporate Headquarters building in Maple Shade, NJ is nothing short of spectacular. Please allow me to take a few minutes to commend you and your team on a job well done. Every person that I worked with from your firm was a true professional in every sense of the word.

Jack Mannke's patience and guidance through the budget and vendor selection process was invaluable. Our project was completed within the expected budget, and was done with a high attention to quality and detail. Mike Donofry and Steve Orman delivered timely results and managed all parties' expectations accordingly. They made sure I was comfortable with every aspect of the job, every step of the way.

It was truly a pleasure to partner on this project with your company. It is without reservation that I can recommend your services to anyone that is looking to work with a "Best in Class" organization. I wish you continued success, and look forward to the possibility of working with you in the future.

Sincerely,

Frank Beideman  
VP, Resource Development  
Holman Automotive Group, Inc.
