Good Morning Barb,

I got a call from your tech yesterday afternoon describing the problems he found and exactly what he did to get it back in service.

Thanks to you and your crew for the quick service.....very much appreciated!!

Have a Great Day!

John

Hello Barb.....could you please have your techs come out and inspect our outbound gate #9 controller. As noted below, Dan serviced the unit in late December (invoice & work order attached).

Thanks Barb,

John
