Dear Jim and Philip,

I am pleased to provide a banking reference to anyone that inquire regarding the fine character and integrity of yourselves and the company in handling all of its financial obligations and accounts with our bank.

We appreciate your patronage of our bank in maintaining the company's deposit and loan accounts with our bank since 1985. You have demonstrated sound financial management over the last 15 years that I have been your relationship manager and I look forward to continuing to support the banking needs of Soiltesting, Inc. and its on-going success.

Thank you.

Sincerely,
