

Certificate of Completion

*Paul Beavers*

Has been certified by Retrotec Inc as  
having completed a training course for:

**Level 3: Air Leakage Testing in Large Buildings**

And has acquired an understanding of the building science behind the complex interactions in large buildings; including an understanding of testing procedures (ASTM, USACE), testing equipment, how measurements are made, how the results are used, and how to deal with the complex pressure interactions that affect large buildings.

September 22, 2010

*Awarded on this day*

A handwritten signature in black ink, appearing to read "Colin Genge".

*Colin Genge, President of Retrotec Inc*
