Dear Mark,

HomeStyle

On Friday, October 9 Wolfe lifted my house in Norwalk, CT. The first day or two I was a bit wary of having such young men in charge of lifting my home. This changed quickly during the process of the next 2 days as I grasped the depth of training, expertise, skill, strength, focus and teamwork needed to accomplish this undertaking. These four young men Nate, Dan, Zachary and Jake had it all and they were simply amazing! It was a pleasure to watch them at work with their attention to detail, pride and professionalism. Additionally, they were pleasant and informative with any questions that came up. I now affectionately refer to them as "my Pack of Wolfes" and I would not hesitate to highly recommend Wolfe.

Thank you so much for all doing an incredible job. With Gratitude & Kindest Regards,

Mary
