

October 29, 2014

To whom it may concern,

In 2013 NTDS performed installation of a Keyscan Access Control System at the American Southwest Credit Union, 3090 E Fry Blvd, Sierra Vista, AZ. The system included (3) eight door controllers, (18) HID ICLASS card readers, (100) blank proximity cards, (1) workstation for monitoring. NTDS installed all cable needed for the system and provided programming and end user training.

American Southwest Credit Union would recommend NTDS for any Access Control projects.

Sincerely,

A handwritten signature in black ink, appearing to read "Brian J. Barkdull". The signature is fluid and cursive.

Brian J. Barkdull
