Dear Rentex Construction, Inc:

I am pleased to inform you that your certification as a Section 3 Business Concern has been approved by the San Diego Housing Commission (SDHC), making your firm eligible for future contracting opportunities.

Two months before your certification expiration date, SDHC will contact you to begin the recertification process. You must respond to the request for recertification to keep your Section 3 Business Concern status; failure to respond can result in decertification. Additionally, we reserve the right to assess your program eligibility and compliance at any time.

Information about SDHC bidding opportunities and tools to download bid documents are provided through Onvia Demandstar, a free online service. If you choose to register, please make sure all information about your company is accurate and up-to-date. Certification does not guarantee any contract award. To register on Onvia, please follow these instructions:
