Dear Chuck:

I would like to take the time to thank you for the tremendous work done by your organization. My wife and I were pleased with the final outcome of the foundation project. We were extremely pleased with your organization's professionalism and quality work. We were also pleased that it finished on budget! Thank you.

We found your employees to be respectful, courteous and extremely professional. I will certainly recommend your company to anyone needing foundational repair. Thanks again for your quality work and have a Merry Christmas and a happy and prosperous 2010.

Sincerely,

Isidro Alba
