

Project Manager Testimonials

“Schlosser signs has always done an excellent job representing Persona Inc. They never shy away from a tough install, and always seem to get it done in a timely manner. It’s great knowing there is always someone on the other side of the phone day in and day out that will try to meet, or exceed our expectations.

Thank you for all the hard work. I look forward to working on future projects together.”
Cole Fischer, Project Manager, Persona Inc.

“Our company has many national accounts and Schlosser Sign has done all of our work in the Denver, Boulder and Ft. Collins area. They have done an excellent job in responding quickly to our service needs and getting signs installed or operating in a very timely manor. I would recommend Schlosser Sign for your next sign or service need.”
Tony Ahmed, Project Manager, CBS Sign Co.

“My first project with Schlosser Signs was in January 2010. I had a monument sign which needed to be constructed at a Walgreens site. I was really thrown back when I found out the full scope of services Schlosser had to offer including sign installation, maintenance, permitting, etc. It was amazing to see quick responsiveness, thorough communication, and information sharing at this company. I had the pleasure to work with Alex, Chris, and Rose who provided me with impeccable customer service.

I really appreciate the follow-up promotions, deals, and ability to stay connected with me. I definitely recommend anyone needing any type of sign service to contact Schlosser. They will really manage the whole process from start to finish.”
Umair Khan, Project Manager, IMS

“Schlosser Signs has been a great partner. They are highly efficient, professional, affordable, and get the job done right and on time. Their assistance with code research is very helpful. It has been a pleasure to work with Alex and Rose.”
Jennifer Krane, Project Manager, Everbrite, LLC

I do not make a habit of writing testimonials for installers I conduct business with. Nevertheless, this truly is a story that must be shared.

“We were in the bottom of the 9th inning with the construction of a new store and, as is typical in the sign industry, we had been plagued with multiple issues (weather, lengthy permitting process, delayed product shipments, etc.). Customer expectations required we work 24hrs a day for 3 days in a row to meet the completion deadline. When faced with challenges that other installers would consider impossible odds, Schlosser Signs stood up and accepted the challenge. Schlosser Signs worked relentlessly and flawlessly to exceed not only our expectations but made a lasting impression on the customer too.”

Thanks to Schlosser Signs of Loveland, CO for all your hard work, late hours and incredibly positive “can do” attitude in all the projects we have worked on together. We look forward to working with you again.

H.E. Ketterer, Lead Project Manager, SignResource

“Schlosser Sign has gone above and beyond time and time again to ensure installations are completed on time and 100% correct.

In the world of project management, we are only as good as the subcontractor we trust to perform our installations. Schlosser Sign has earned 100% of that trust through honesty, hard work and dedication. Thanks again for all you do!”

Billy Kreutz, Project Manager, Priority Sign, Inc.

“Schlosser is one of the best companies I have ever had the pleasure of working with. During the Washington Mutual / Chase conversion, they truly showed their commitment to providing outstanding customer service and delivering the highest quality of work. I have and will continue to recommend them to anyone seeking signage services in Northeastern Colorado.”

Kevin Polka, Project Manager, The Icon Companies
