No Limit Glass  
7230 Georgia Ave  
West Palm Beach, FL 33405

Attention: Mark Smith

Mark,

I'm writing you to say Thank you for the excellent job and experience you and No Limit Glass and its installers have provided for me on the Church of Eleven 22. It all started with the first impression at your office. It continued with your willingness to work with me on such a tight budget and time line. It's always a relief when a company provides the service and quality it commits too. Your efforts were greatly appreciated.

As for your installers, all I can say is wow! These guys were professional and knowledgeable and committed to complete the project as scheduled. With adversity in their path, they stayed committed without complaining and worked with us to find solutions to the problems other subs had created. The final product was exceptional and works great.

Thank you again for everyone's hard work and efforts. I will be looking forward to our next opportunity to work together again. You have a repeat customer in me.

Sincerely,

*Dennis T. Gunter*
