

To whom it may concern,

I'm writing this e-mail to you just to inform you of the good work done by all the subs that worked in my townhouse as well as Alexis Castillo's unit next door at 3078. I really want you to know how professional and competent Mr. Agustin Perez of Drywall Contractors Corp has been throughout all this process. He has always answered my calls promptly, addressed all my concerns and his work has been excellent. It is a real asset to have such good people representing Moss Construction. In addition I would also express my appreciation to Mr. Ramon Roman of Moss Construction for all his assistance as well.

Sincerely
Miguel T. Lopez
