

To whom it may concern:

RE: 3183 Oak Ave, Coconut Grove

Drywall Contractors was the general contractor on our KPT remediated home at 3183 oak Ave. in Miami. Dan and Augie were always professional, timely and compassionate. The communication was fantastic and we always felt like we knew exactly where things were and how things were going. Moreover, since the construction was completed, we have had some minor issues and their responsiveness has been nothing short of fantastic; most every issue has been fixed within 24 hours. Lastly, the quality of the work has been beyond expectations and we are absolutely thrilled with the final product!

Thanks for everything. Simone Vazquez.
