

To whom it may concern:

My name is Stratton "Mac" Jamison. I met you at the beginning of a project on my house with regards to Chinese drywall. I wanted to thank your company for a job well done and ahead of schedule. This is something that is almost unheard of in today's market. Also, at the same time I would like to let you know that working with Danny Sabag of Drywall Contractors was such a pleasure. As you know, I live in the Keys. It is not around the corner. Danny pointed out several imperfections in my original walls. He said he would do his best to repair these. He did! He also let me know that the bath tile would have to come off. I asked him to pick out tile for me. I told him " you do this for a living, not me, I trust your judgment". The tile looks fantastic. I could not have picked out a tile as good as this. The carpet looks great (matches the original color) and was put down tighter than when the house was brand new.

I can see why your company did such a great job on my house. You surround yourself with good people.

Thank You,
Stratton Mac Jamison
