

February 23, 2013

Mr. David Prevatt  
Acousti Engineering Company of Florida  
6959 Stuart Avenue  
Jacksonville, Florida 32254

Dear David,

I want to personally thank you and Acousti Engineering for being a valued partner of Breaking Ground Contracting. You have always provided and continue to provide a high quality product for our clients and have been a pleasure to work with over these past 10 years. Your commitment to excellence was instrumental in us selecting Acousti Engineering for the work on our own corporate office renovation which received an ABC National Excellence in Construction Pyramid Award.

We look forward to working with Acousti for many years to come, providing a high value product for all of our current and future clients. No matter where we work in the State of Florida, we know we can count on an Acousti Engineering office to provide exceptional services.

Sincerely,

  
Mary G. Tappouni  
President
