Acousti Engineering Company of Florida
Randy Keller
1530 53rd Street
West Palm Beach, FL 33407

Dear Randy:

This letter is in high recommendation of Acousti Engineering Company of Florida and you personally. We have been doing business with you and your company for the past several years and I can honestly say I wish I had more customers of your caliber. You run a smooth and professional organization and I cherish how both of our teams truly work together.

In closing, please use this letter as verification that I strongly urge any company to work with Acousti Engineering, especially the 2 branches you manage. Please feel free to have anyone contact me if needed and I look forward to a successful future working with you and your team.

Thank you,

Jeremy C. Sax
SSC Manager
