

**S&S Roofing, Inc. Wins Two Prominent Firestone Building Products Roofing Industry Awards**

**CARTERET, N.J.** – Firestone Building Products Company, LLC, a leading manufacturer and supplier of a comprehensive “Roots to Rooftops” product portfolio, presented S&S Roofing, Inc. with the 2016 Master Contractor Award, a distinguished commercial roofing quality honor. The local Carteret firm is one of 263 to earn the distinction for roofing system excellence from within a network of more than 3,000 Firestone Building Products Red Shield™ Licensed Roofing Contractors. S&S Roofing, Inc. is one of 136 firms to also receive the Firestone Building Products Inner Circle of Quality Award.

“Our annual Firestone Building Products Master Contractor Program recognizes top-tier firms for their commitment to excellence and superior workmanship,” said Tim Dunn, president of Firestone Building Products. “We are proud to honor the accomplishments of our 2016 Master Contractors, who are among our most valuable industry partners. It is our privilege to name S&S Roofing, Inc. as a winner of both the Master Contractor and Inner Circle of Quality awards, which serve as a testament to its industry-leading roofing installations.”

For the 29<sup>th</sup> consecutive year, the Master Contractor Program recognized Firestone Building Products licensed roofing firms throughout the United States, Canada and Mexico. Master Contractors are judged on the basis of total square footage installed and quality points accumulated for outstanding inspection ratings on installations covered by the Red Shield™ Warranty, including: RubberGard™ EPDM, UltraPly™ TPO, asphalt and metal roofing systems.

Master Contractors were also eligible to earn points in the sustainability category. Those qualifying Firestone Building Products installations included the SkyScape™ Vegetative Roof System and SunWave™ Daylighting System.

Furthermore, the Inner Circle of Quality Award acknowledged Master Contractors who installed a minimum of eight warranted Firestone Building Products roofing systems each in 2014 and 2015; and four roofs per year for each of the prior three years. They were also required to maintain at least 2 million square feet of Firestone Building Products roofs under warranty and achieve an annual Quality Incidence Rating (QIR) of 1.0 or less.
