Dear Mr. Blank,

Severn Trent Laboratories of Edison NJ appreciates your cooperation during the roof replacement on the building. We suffered minor down time and your willingness to work off hours and weekend helped us maintain productivity. We are the top grossing facility in our chain of laboratories so any impact to our bottom line impacts all the facilities across the country.

I personally appreciated the professional set up and work performed. I am Operations / EH&S Manager at this facility. Your safety team impressed me and safety sections cordon off while doing the job. Again, thank you for the flexibility in scheduling you work.

Sincerely,

Dewey D Hitt
