Mr. John Blank
S & S Roofing, Inc.
2 Self Boulevard
Carteret, NJ 07008

Dear John:

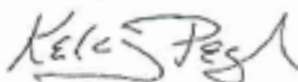

I wanted to take this opportunity to thank you for a job well done on the roof replacement project at Wacoal, Inc. in Lyndhurst, NJ.

This was a difficult application with increased complexity due to the sensitivity of the computer operation below the roof replacement project.

In particular, I would like to commend Bill Muller for his attention to detail and for his on-site supervision, which helped to ensure that the client's operation was not interrupted during this procedure.

It is this attention to detail, as well as your meticulous workmanship that will lead me to recommend your firm for jobs like this in the future.

Sincerely,

Kelcy Pegler
