

Good morning,during demo of A-1 pantry old plank flooring found ice machine drain leaking. To prevent future water damage Todd,and myself discussed replacing plank with full sheet of vinyl which has been approved at facility and regional level. please proceed, any questions feel free to contact my cell phone 412-310-8615. Would like to add Todd project manager and entire floor crew went above and beyond during this floor project to assure scheduled flooring replacement was completed with speed accuracy!!!! With residents,staff and visitors safety always first and foremost!! Thank You
