To Whom It May Concern:

Mr. Buscemi of Carlo Buscemi Imagery was contracted by John P. Picone, Inc. to provide construction photography services on a project that I was the Project Manager. Mr. Buscemi's photography and videography skills were excellent and met the needs of John P. Picone, Inc., as well as the Authority's requirements for our project with the NYCTA.

With respect to his work, we were very satisfied with the high quality of the photographs and the video, Mr. Buscemi and his firm did.

John P. Picone, Inc. would again engage his firm on future projects.

Very truly yours,
JOHN P. PICONE, INC.
