RE: Recommendation for Nikita Alex – Cleaning Service CT

Dear Mr. Bzdyra:

As the owner and managing partner for several retail/residential rental properties in the state of Connecticut, as well as, a partner in a lending capital company that is constantly involved with new and rehab construction, I am writing this letter to you to say, I can highly recommend Nikita Alex and her company Cleaning Service CT for any cleaning job, small or huge.

I hired Nikita Alex and her company Cleaning Service CT over 10 years ago to clean several of my rental properties, as well as, going in after major construction or renovation on a property was just completed. Any kind of construction will leave a building in need of a thorough and total deep cleaning in order to put the property on the market for sale. Nikita has always done an excellent job and she meets my highest standard.

She also cleans several of my tenant's apartments. The tenants, having seen the quality of her work done in the common areas of the building they are living in, called me to request her contact information. She takes care of bringing her own cleaning supplies and disposes of any waste or garbage created during the cleaning job. She continues to work for me and I am grateful to have such an excellent cleaning service.

Should you have any further questions, please feel free to contact me on my cell ~~XXXXXXXXXX~~

Regards,

Frank DiNardo Jr.
