RE: Wayne's Roofing, Sumner, WA

To Whom It May Concern:

Prologis has partnering with Wayne's Roofing for many years on both roof repairs and reroof projects. This year we were presented with a timely need to reroof a building in a very tight time frame. And, Wayne's Roofing has come through for us.

Wayne's Roofing was awarded the 250,000 sf Trans Pacific Industrial Park, Building 5 reroof project on May 12, 2014. They missed no time getting right to business. By May 21, 2014, they had permit in hand, product delivered to the site and had begun work. We are expecting to be substantially complete on or about June 13, 2014, perhaps earlier. A new roof in 3 ½ weeks!

They have worked efficiently and effectively with this multi-tenanted building, reassuring the building occupants all along the way as concerns arose. They are a vendor who has the staffing and skills to perform quickly and professionally from start to finish.

Please feel free to contact me if I can be of any assistance either by phone at (206) 414-7611 or email at [cduncan@prologis.com](mailto:cduncan@prologis.com).

Sincerely,

Prologis, LP
