Wayne's Roofing
13105 Houston Road
Sumner, WA 98390

Dan and Wayne's Roofing Team,

First off, I want to thank you for doing what it takes to get our Aquatics South Roofed last night. You can't predict the weather, but you guys did what we needed, and I appreciate it. This teamwork leads me to my second item.

Each year we get votes from our company on who our sub of the year should be, and I am pleased to let you know that Wayne's Roofing received the most votes and is our **Subcontractor of the Year for 2015**. We appreciate the support you provided on some very challenging projects this past year, and we admire how your team consistently displayed a commitment to –

Professionalism, Attitude, Teamwork, Responsibility, Integrity, Opportunity, Trustworthiness

From top to bottom, your team's diligent efforts and willingness to go above and beyond to get the job done was instrumental in helping WA Patriot fulfill our commitments on each and every project performed in 2015. The feedback from our team members is that Wayne's doesn't cause problems, but instead partners to develop solutions and be a team player. ***This feedback came a few weeks ago, but you further enforced it last night.***

We recognize that the success of WA Patriot relies on committed subs with quality people contributing to the final product. We are grateful for subcontractors like you who provide that extra effort and willingness to work for a common goal on each and every project.

Again, on behalf of the WA Patriot team, thank you and congratulations on being voted our subcontractor of the year in 2015!

Mickey Traugutt, President
Washington Patriot Construction, LLC
