Dear Justin,

WA Patriot would like to thank you for your contributions in helping to bring the [Boeing 5-43 & 4-81 Restroom Expansion](#) project to successful completion. Your partnership enabled WA Patriot to effectively lead this project and earn the trust of our client, which was extremely important to us during this project for Boeing, Renton.

As you know, we were faced with many challenges in terms of scope and schedule, as the work was spread out between two occupied buildings. The tireless effort of your team in keeping the project moving forward is much appreciated.

WA Patriot is also proud to share with you that the entire project team worked a total of 77 days without an accident or injury. Safety was a top priority, and your team's commitment to working safe is much appreciated.

Justin, with your support as a key subcontractor, we were able to overcome the many challenges and accomplish our goal of serving a satisfied client with passion, integrity, and commitment.

Congratulations and many thanks for a job well done! We look forward to more opportunities to work with Wayne's Roofing in the future.

Sincerely,

The WA Patriot Team
