Ste 3
Fort Myers, fl 33966

Dear:

I am most pleased to write a company reference for Always Electric.

I have known and worked with the company for a long while in Florida since opening my construction company, European Construction. I have had the pleasure of having worked with them on a personal level for a long period of time now. Always electric is a responsible company, always on time, and we have never had a problem with them. If you have any question please feel free to call us at 239-541-8455

Sincerely,

Sal La spia
Owner
