Mr. Brandon Moss
Landmark Metal Builders Inc.
4067 E. Monsanto Drive
Sierra Vista, AZ 85650

Dear Brandon:

In August 2001, we contracted with Landmark Metal Builders to design and erect a metal warehouse on our industrial property at 1552 South Euclid Avenue. You quoted a turnkey installation and, even though zoning issues caused problems and delays, resolved the issues and maintained the original quoted price. The installation was flawless, professional and painless for us.

Recently we had you do preventive maintenance on the warehouse. Again, the job was done very professionally without any interruption to our daily routine.

We appreciate your past service and look forward to working with you in the future. We recommend your company whenever the opportunity arises.

Sincerely,
TMM Precision / The Metal Man, Inc.

Alan R. Speert
President
