To Whom It May Concern:

I am writing this letter to state that I recommend Safetech USA very highly for any fire alarm needs you might have. Safetech USA recently finished a complete fire alarm package for one of my new buildings and I am very pleased with their workmanship and professionalism. Safetech USA finished their work on time and on budget. They always did what they said they were going to do and were very honest and professional.

I found that all the employees of Safetech USA took their responsibilities very seriously, especially the principal, Silviu Rusu. He always takes time to explain the fire alarm system and ensure that its proper functioning is paramount. We were so happy with their performance that we gave them the maintenance contract for another building we own.

We intend to work with Safetech USA for a long time and would be happy to answer any questions you have directly.

Sincerely,

Tim O'Sullivan, President  
O'Sullivan Builders & Developers, Inc.
