**October 22, 2013**

**To Whom It May Concern:**

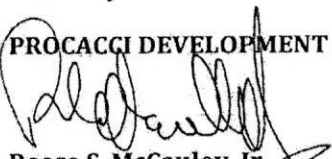

**As a State of Florida Certified General Contractor and Developer for more than thirty-five years, Procacci Development Corporation consistently delivers the highest quality results on time, to specification and within budget regardless of the size of the project. Because we are conditioned to build to own, we have a deep-vested interest in going the extra mile to achieve the highest level of quality and delivering satisfaction for our clients and their end users.**

**Gulf Coast Site, Inc. performed the site work for the Immigration & Customs Building located on Daniels Road, Ft. Myers, Florida in 2011. Their performance lined up with the high standards we set for our contractors.**

**We would seek work with them again if the opportunity arises.**

**Sincerely**

**PROCACCI DEVELOPMENT CORPORATION**

**Reese S. McCauley, Jr.**  
**Executive Vice-President**
