Dear Gary Stevenson:

On behalf of everyone at Sigma Contracting Inc., I wanted to thank you for all your efforts on the CVS Pharmacy project 3500 on 35<sup>th</sup> Avenue and Peoria. With your help, we have completed this project in a record time nationally for construction of a new free standing CVS Pharmacy. I honestly did not think that a CVS Pharmacy could be completed in 14 weeks. That represents a full 6 weeks faster than the normally allotted time frame. This is an amazing feat when you consider the thousands of CVS projects built across the country and that your organization was a part of the team that set the new record! We look forward to completing more future projects with you and your firm. You folks are to be commended for your hard work, focus and diligence.

Sincerely,

Jerry Patterson  
Vice President
