Dear Ed:

It comes with great pleasure that I wish to write you a letter with regards to the outstanding craftsmanship and professionalism that I experienced while working with you at our new home.

You are to be commended. The entertainment center and other wood-work you did for us is the best that I have seen, and you know that I am a perfectionist. Your follow-up, your paper-work, your attitude and your attention to detail is outstanding. You are a role-model to others in the business.

It has been a pleasure to work with you.

Sincerely,
