To whom it may concern:

We are pleased to provide this letter for VK Jensen Enterprises, Inc. The projects completed for the City include but not limited to all utility site work both potable water and sanitary, base work, grading, drainage, concrete flat work and all site restoration required

VK Jensen is efficient, responsive and proactive in anticipating problems and making any necessary adjustments that may be required. They adhere to the plans and specifications to complete the work in a safe, timely manner and within budget. They take pride of their work and are willing to go beyond the basic requirements as most recently demonstrated by their performance and outstanding workmanship, on the Hill Street Drainage and Utility Improvements Project. A CDBG grant funded project.

We are very pleased with the quality of work VK Jensen has displayed and would not hesitate to recommend them to other organizations for all related types of work.

Please feel free to contact me if needed.

Sincerely

A handwritten signature in blue ink that reads "John Tulak".
