Vince Jenson
VK Jenson Enterprises, Inc.
PO Box 701321
Saint Cloud, FL, 34770

To Whom it May Concern,

I am writing to recommend the services of the VK Jenson Enterprises, Inc. (VK Jenson). I have been using VK Jenson to install utilities for the past twelve years, and have always been completely satisfied. They do an excellent job, their ability to complete the project ahead of schedule while still maintaining the highest degree of quality is quite commendable to say the least. VK Jenson's willingness to perform assigned tasks without argument or complaint is not only appreciated, but truly a model of how a Contractor, Subcontractor relationship should work.

It would certainly be my pleasure to work with VK Jenson again on future projects and I will happily stand by to offer a positive reference about VK Jenson to anyone inquiring about needing a truly professional contractor.

If you have any questions, feel free to contact me.

Sincerely,

John Ogden
