Classification Name	Description
GENERAL BUILDING CONSTRUCTION (GROUP B)	The undertaking of general contracts for the construction of buildings i.e. new construction, renovation, rehabilitation, alteration, addition, etc. The contract must include a variety of construction practices and supervision of a minimum of three sub-trades. Includes most of the structures that normally house State functions. These all require normal mechanical/electrical systems for today's standards of operation for quality space, security and environmental comfort. Examples include office buildings, general classroom and administrative offices, college buildings, auditoriums and maintenance buildings. Note: If you are prequalified for General Building Construction under Group B, you are automatically prequalified for Group A. Also If you are prequalified for General Building Group B you will automatically be prequalified for General Trades. Note: For the purposes of DAS Construction Contractor Prequalification, contractors in this classification are not required to be registered as a major contractor with the Department of Consumer Protection. However, there may be specific projects within this classification that require a major contractor registration from the Department of Consumer Protection. Projects that are threshold buildings may require a Major Contractor Registration.
HISTORICAL BUILDING RESTORATION (MASONRY, ROOFING)	Construction/renovation, masonry, and roofing work will require firms with experience with the Secretary of the Interior's Standards for Rehabilitation issued by the U.S. Department of Interior, National Park Service, Washington, D.C. (Standards for Treatment of Historic Project.)
MASONRY	Installation, renovation, repair and maintenance of masonry units composed of concrete, stone, brick and the like, including such incidental or related work as is customarily performed by those in the masonry trade.
PAINTING	Application of paint to interior and exterior surfaces of buildings and preparation of such surfaces for the purpose of receiving a finish coat of paint, including such incidental or related work as is customarily performed by those in the painting trades.
WATERPROOFING	Installation, renovation, repair and maintenance of materials required to make foundations, walls and other surfaces of a building dam proof or impervious to water, including such incidental or related work as is customarily performed by those in the waterproofing and dam proofing trades. This category does not include roofing by itself.

This certificate prequalifies the named company to bid. It is not a statement of the Contractor's capacity to perform a specific project. That responsibility lies with the awarding authority.

Company Licenses/Registrations: It is the Contractor's responsibility to update their license information by editing their electronic application. Licenses are confirmed by the Department of Administrative Services (DAS) at the time of initial application and at each renewal.
