

"...Thank you for the prompt service you guys provide for us... It's a big load off of my mind to know I have a company that will just get it done so I can move on to other fires that need putting out."

- Facilities Building Groups Supervisor
Toyota Motor Engineering & Manufacturing
North America, Inc. - Georgetown, KY

"We have always been pleased with the knowledge and professionalism of the technicians and the response that we receive during 'emergency' situations. BME always strives to fix it right the first time, and on those rare occasions that it requires additional work, they return promptly and will stay until the problem has been 100% fixed."

- Manufacturing Engineering Manager
Bullard - Cynthiana, KY

"We have always been very pleased with quality of service for of all our HVAC needs. BME technicians are professional and always strive to do the job right. They do a great job with our HVAC Preventive Maintenance (PM) program. BME is quick to respond any time we have a need. I would HIGHLY recommend BME to any company."
