

HOMETOWN *Service Center*

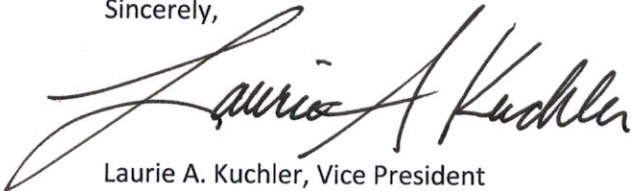

July 2, 2013

TO WHOM IT MAY CONCERN:

We used Awnings by Jennifer for our building with very successful results. Jennifer worked with us to achieve a pattern and style which worked well with our brand. The craftsmanship of our awnings was excellent and the workmanship was exemplary. During construction, the company took great care to protect surrounding areas from damage.

Our customers were very impressed with the results and so were we. We would highly recommend the services of this company. Feel free to call us with any questions you may have about our experience.

Sincerely,

Laurie A. Kuchler, Vice President
Hometown Service Center, Inc.
