To whom it may concern:

This is in reference to Pit Stop and their quality of Service. Pit Stop has been cleaning for our business for the past 2 years. We are a Design Build Firm who uses Pit Stop when our jobs are finished before our clients get occupancy to their space. We have used Pit Stop on 5 of our past jobs and have been nothing but happy with the results. Since the start of us using them on our jobs, their level of service has been exactly as we expected, very good. Our Clients space is always clean and ready for occupancy. The staff has been very professional and very consistent in their high quality of work. It has been a privilege to partner with them.

I highly recommend their service and would not hesitate to go with them. If you would like any additional information please feel free to contact myself or our Project Manager Shawn Thompson who continues to use and reuse Pit Stop on our jobs. I reassure you that you will be very happy with their service.

Sincerely,

Michelle Parrish
