Dear Mr. Hogan:

Please accept this letter of recommendation as a form of appreciation from the Capital Ridge Office Building project team. Not only was your team an instrumental part in the overall success of the project, but they showed their full commitment from the first day stepping on site.

Despite the aggressive schedule and difficult jobsite logistics, Vision Enclosures remained focused and dedicated to installing a high quality product in a safe and efficient manner. We had some difficult situations that could have severely impacted the project schedule and budget, but Vision Enclosures was there to assist in preventing any damages. The level of detail that was provided from the planning stage all the way through installation goes unmatched.

Thank you for all that you and your team did in making this project a success. I would recommend your company on any project and I look forward to the next time we get to work together again.

Sincerely,

Braylon Byford
Project Manager
