**Re: Vision Enclosure Walls Hyatt Place Performance**

I am writing this recommendation letter to thank your company, Vision Enclosure Walls, for a job well done on the Hyatt Place Hotel downtown Austin, Texas project. Let me extend my sincere appreciation for the high level of service, quality, safety, and professionalism your company exhibited on this project.

Vision Enclosure Walls was instrumental from the beginning in taking a very aggressive budget and schedule and finding a way to deliver a quality product efficiently and safely within the constraints of the design. The project dealt some unforeseen conditions your way, which were matched with creative solutions to keep the project on course. We appreciated your cooperation in taking on these difficult details to deliver a very substantial portion of the project's envelope.

For these reasons, I am pleased to offer the highest recommendation for Vision Enclosure Walls and gladly submit that the firm would be a valuable asset on any project. I wish you well in all your future endeavors and look forward to working with you again.
