Re: Precise Striping LLC
Surety Bondability

To whom this may concern:

This agency services the surety needs for Precise Striping LLC. We are personally familiar with Mr. Troy Beer, President of Precise Striping, and have found him to be an individual of high integrity. Furthermore, this firm has an excellent reputation for providing a quality product in a timely and cost effective manner.

All bonds for Precise Striping are underwritten by the Merchants Bonding Company through this agency. Merchants has been given an *A* rating by Best's Rating Guide for Insurance Companies and is included on the Federal Treasury list of acceptable sureties.

The surety has not set a specific limit on Precise Striping's bondability. However, based on the financial strength of the company and the experience of key individuals, Precise Striping should qualify for bonds in excess of **\$2,000,000 single and \$4,000,000 aggregate**. Their current **available aggregate** capacity would be in excess of **\$3,000,000**. Thus, if they are awarded a contract, we would be pleased to provide performance and payment bonds, subject to a review by the surety of the contracts, the bond forms, and underwriting conditions at the time of award.

We strongly recommend Precise Striping LLC to you. If you should have any further questions, please don't hesitate to call me at (720) 524-9344.

Sincerely,

W R Withrow
