Re: Civil Site Services, Inc.
Current Letter of Bondability

To Whom It May Concern:

Please be advised that I have handled the performance and payment bond needs for Civil Site Services for approximately 3 years. I have personally known the Principals of the company for over 16 years and highly recommend them to your organization.

Civil Site has an established Surety Bond Program with Bankers Insurance Company/SureTec Insurance Company consisting of Single Projects up to \$3,000,000 with an Aggregate Program of \$6,000,000.

Civil Sites relationship with its surety company has been excellent in all aspects of performance and meeting their payment obligations. As their agent they are a valued customer.

The surety relationship is exclusive between Civil Site Services and Bankers Insurance Company/SureTec Insurance Company. Each bond request submitted by Civil Site to Bankers Insurance Company/SureTec Insurance Company will be underwritten at the time the respective request is made. Standard Underwriting procedures will apply with the ultimate approval of any request being subject to terms and conditions established by the surety, which include review of the contract or subcontract and any special bond forms.

Should you have any questions or require additional information please do not hesitate to contact me. I can best be reached at (770) 366-5467.

Sincerely,

Tim Barnhardt
