Letter of Recommendation

Cabinet Plus, Inc. has been a great team member to work with. They have always provided quality work in a timely manner. Always on time and never missing a deadline, they are a great company to work with. Vic is always punctual and their work is exceptional. We have never had any problems doing business with them and they always approach each job with a professional manner. Vic is great at what he does and is humble throughout the entire project. We would most definitely recommend Cabinet Plus, Inc. to any GC, architect, or any other construction management company to work with them.

Kindest Regards:

A handwritten signature in blue ink, appearing to read "Robert Pyke".
