

June 3, 2010

**To Whom It May Concern:**

As the Vice President of Facilities Management for Nova Southeastern University, I have had the pleasure of working closely with ANF Group, Inc. for the past 3 years.

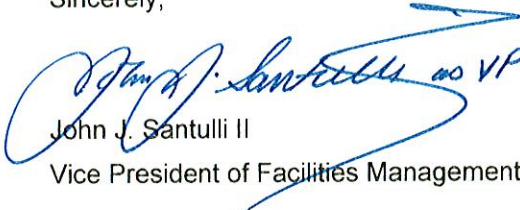

ANF's attention to detail and dedication to providing their clients a finished product to be proud of is extraordinary. The hands-on commitment of the principals, Alberto Fernandez, Nelson Fernandez and Alberto Gil assures the owner that their project receives immediate priority and attention. The principals have surrounded themselves with a top notch team of employees that are knowledgeable and experienced in all aspects of the construction industry.

The most recent projects completed for NSU by ANF Group are the University School New Lower School Building, Epstein Auditorium Arts Building, and, the new Central Plant Facility. All three buildings were completed on time and on/under budget.

I highly recommend ANF Group for consideration on any project large or small. Their experience and abilities will be an asset to any project they undertake.

If you have any questions regarding this recommendation, please feel free to contact me at 954.262.8836.

Sincerely,

John J. Santulli II  
Vice President of Facilities Management
