Re: Fort Lauderdale Historical Society

Dear Michael:

Please accept our sincere gratitude for your participation in the Fort Lauderdale Historical Society renovations project earlier this year. We wanted to take the time to personally recognize your efforts, as it is wonderful to see that the spirit of kindness and goodwill is still thriving within our industry, even during these tough times.

Thank you for helping us to live up to one of our most important guiding principles...to give back to the communities in which we serve.

Sincerely,

Miller Construction Company

Thomas J. Miller
