Dear Dave:

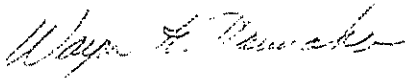

Too many times we are all too quick to criticize and never quick enough to say something nice when people go above and beyond the call of duty.

The purpose of this letter is to commend you on the following personnel: **Vic Lacour, Chuck Bender, Gary Freesion, Corky Brent, Wayne Freeston, Alex Pinero, George Carracedo, Jim Thurston, Jim Jones, Ernie Thomas, Goldie** and the man who made it all possible -- **Bob Gordon**. While working on the Holy Cross Hospital Galt Ocean Project, these individuals went well above and beyond the call of duty by working extremely long and odd hours to ensure their work was done ahead of schedule.

This project was extremely fast track considering it was a scheduled sixty day duration completed within thirty days. Without the help of quality subcontractors such as yours we could not have meet the needs of our client.

Please pass our appreciation on to your entire staff for their support and continued effort.

Sincerely,

Wayne F. Hannaka  
Project Manager
